c. E-learning	<input type="checkbox"/> What percentage? <input type="text"/>
d. Correspondence	<input type="checkbox"/> What percentage? <input type="text"/>
e. Other	<input checked="" type="checkbox"/> What percentage? <input type="text" value="20"/>
Comments:	

Objectives

1. What is the main purpose for this course?

The course will explore the concepts of the dental public health in the light of the oral health problems in the Kingdom of Saudi Arabia. Priority will be placed on practical approaches to program planning, organization and financing of Saudi dental care, practice management and professional ethics. The 'clinical' component of the course will focus on the student developing and implementing a community-based oral health project.
